

**Key Actions  
Business/Organization Commitment**

<b>Key Actions - Commitments</b>	<b>Name</b>	<b>Organization</b>	<b>County</b>
To continue to urge developer partners to invest in "town center" high density planned communities as well as urge developers to seek financing w/ no pre-sale requirements to develop high density high rise developments in major centers throughout Central Florida	Andrew Reaudioi	Coldwell Banker	Seminole
Target future corridors and work with local government, developers and residents to preserve land to build multimodal corridors in the long term. Mentor young kids to understand simple ways they can help the environment.			
Work to develop transportation plans that support this local initiative	Ed Hutchinson	FDOT-CO	Leon
Commit \$ to encourage shift from automobiles to bicycling & walking. Elevate the status of bicycles & pedestrians. Design for the pedestrian 1st! You will achieve your vision.	Barbara Myer	Brevard MPO	Brevard
Work to continue the vision by incorporating the principles in our county's Comprehensive Plan and zoning guidelines. Personally, I will continue the dialogue to promote our regional vision with my colleagues, family members and friends.	Betty Holness	County of Volusia	Volusia
Continue to work to tie transportation together as a key player connecting <i>myregion.org</i> to Polk to Tampa Bay Partnership on the West. And also corridors to the south...roads, transit, etc. Guide future landuse to achieve these results. This will be difficult and will require innovative thinking and programs to pull landowners on board i.e. mitigation, etc.	Sam Johnson	Polk County Commission	Polk
To continue an open conversation in Polk County about the need for east/west unity and participants in both <i>myregion.org</i> and Tampa Bay partnership.	Eileen Holden	Polk County Commission	Polk
Preserve green space and parks.	W. Patrick Huff	City of Bartow	Polk
Develop urban core, incentives for zoning, affordable housing and transfer of development rights, develop Green Code, educate policymakers.	Tom Burbank	City of Deltona Planning	Volusia
Determine the key interactions between the land and the water that will sustain the expectations our growth plans created.	J.B. Kump	HUBBS-SeaWorld Research Institute	Brevard
Create, adopt and implement a variety of mix land use in the utility plan to encourage developers to build life or omni centers	John J. Drago	City of Longwood	Orange

## Key Actions Business/Organization Commitment

Key Actions - Commitments	Name	Organization	County
Improve transportation options for seniors.	Walt Willis	SeniorLinks City of Orlando	Seminole
Focus on commuter rail and develop meaningful activities to support transit alternatives. For our city and those who will depend on our facility/development	John C. Maiwgot	Mayor, City of Langwood	Seminole
Passenger rail through Polk County and on to Tampa	Jean Reed	Polk County Commission	Polk
Control the extension of (infrastructure) utilities into outlying areas and increasing ways to promote higher density in-fill, close-in development and redevelopment.	Jim Verplanck	City of Lakeland	Polk
Examine current laws, rules, regulations - especially re: funding and property rights and determine what needs to change to support the vision	Lennon Moore	Orlando-Orange County Expressway Authority	Orange
Require more open space (conservation where possible) for new developers (residential and commercial). Cluster residential development. Intermodal and intergovernmental cooperation. Redevelopment of existing downtowns.	James Hitt	City of Clermont	Orange
Reorganize the work and living spaces to avoid commuting long distance. Provide and reorganize government controls over work sources and have planning to concentrate on preserving the 86 cities and avoid creating one huge, disorganized city.	Jack J. Garcia	REG.ARCHITECT	Orange
Further support work as led by the Regional Health Planning Committee i.e. establish action items as identified "best practices"	Joel Henderson	Community Vision	Osceola
1. Master Plans - Roads, Transit, Buses for 2050      2. Proposed funding options	Noranne Downs	FDOT	Volusia
Continue to work with Lake County Mayor, City Council and County Commission to meet together to educate for acceptance of the grand plan. Also include School Board. Lake-Sumter MPO will probably help coordinate. Include Chambers.	Sanna Henderson	City of Leesburg	Lake
The ECFRPC will work with all of the cities and counties to find those elements of the vision that resonate with their local vision and to incorporate the regional vision into their comprehensive plans and land development regulations.	Phil Laurien	East Central Florida Regional Planning Council	Lake
Education of the Urban Sprawl problem and the consequences. Development and financing of a Simple Rail transportation system. Institution of an industrial economic plan that would allow stable manufacturing jobs in the area.	Bob Provitols	Mitsubishi Power Systems	Orange

**Key Actions  
Business/Organization Commitment**

<b>Key Actions - Commitments</b>	<b>Name</b>	<b>Organization</b>	<b>County</b>
Preservation of the Volusia's wildland rural heart, the Conservation Corridor.	Patricia Northey	Volusia County Council	Volusia
Certification of Candidates from the 'Vision'. Support of local businesses. Give the Regional Planning Council more clout to manage areas that cross counties so that the work of one county is not destroyed by the work of another county.	Kate Kinsley	Datawise, Inc.	Orange
Greater commitment to higher density development and focusing transportation funds to transit corridors	Karen Parko	Ocala/Marion County TPO	Marion
I personally have chosen to live in walking distance to shopping, parks & transit. My organization will move toward the vision as we work in the next 3 to 4 years to update our long range plan for growth	Celeste Deardorff	City of Lakeland	Polk
Prepare and Transportation Vision Plan for Polk County that identifies multi-modal corridors that will connect our city centers	Tom Deardorff	Polk TPO	Polk
SJRWMD will continue to work with our governments and utilities to ensure that we have an adequate water supply as the region grows.	Nancy Christman	St. Johns Water Management District	Orange
Planned Growth - Town Center growing up not out. Our CRA working with others to keep on track with transit into Orlando	James Gearhart	City Council City of Groveland	Lake
Regional: Joined United Way Think Tank on social service needs.....attend and participate in Heart of Florida efforts. Local: Keep elected leaders apprised of trends and community values. Environment through on-going vision efforts.	Donna Sines	Community Vision	Osceola
Our chamber who in the past has had little to do with economic development, will be taking a more active role with the EDC of Brevard County. Rt is our goal to bring more larger businesses (manufacturing) to our end of the county.	Emma Richard	Titusville Area Chamber of Commerce	Brevard
Our company is committed to use "smart growth" tools to develop its land in a manner that will match the 2050 goal for "How Shall We Grow".			
Darden - support of key transportation initiatives. Personal Be a champion for <i>myregion.org</i> within community (Winter Park) and Darden.	John Caron	Darden	Orange
Work with transportation leaders to efficiently move tourist traffic to and from Disney properly and other destinations.	Cheryl Boza	Walt Disney World	Orange

## Key Actions Business/Organization Commitment

Key Actions - Commitments	Name	Organization	County
Finding that people are returning or moving out our state or counties due to high rising cost of real estate, transportation challenges. Our business depends on our Sales Force which live throughout Florida & US. Transportation is one issue of concern to them. Our goal is to work as a region and what we'd like to see from our officials is to work 'together' to help use resolve these issues to our communities best interest. Would be willing to help in any way possible to make this possible.	Raquel Berberena	Tupperware Brands	Osceola
Encourage developers to stay away from Urban sprawl development and focus on high density affordable housing.	MJ Coleman	Watson Realty Corp	Lake
Ensure that our MPO promotes the vision and incorporates wise land decisions into the long range transportation planning process.	Karl Welzenbach	Volusia County MPO	Volusia
Help promote and support plan at grassroots.	Linda Watson	LYNX	Orange
Provide support and technical assistance for the development of a regional transportation plan that supports the vision of how Central Florida wants to grow.	Kathleen Neill	FDOT	Leon
Keep the planning land politicians on track with the mission statement. Get regional planning councils on same page.	David Bottomley	METROPLAN Orlando	Orange
Develop, approve and implement changes as necessary to LDR's for our municipality to keep us consistant with partner municipalities, counties, and businesses in Shared Regional Growth Plan for Central Florida.	Linda Riner-Mizell	Mayor, Town of Dundee	Polk
Coordination of multi-modal transportation. Promote alternatives to driving personal vehicle for commuter trips.	Eric Hill	METROPLAN Orlando	Hillsborough
Communicate and Educate residents on issues that are vital to our future	Marsha M. Faux	Polk County Property Appraiser	Polk
Polk Vision is committed to encouraging participation in regional conversations.	Colleen Burton	Polk Vision	Polk
Developing environmentally sustainable buildings. Educating the community about sustainability.	Maria Alfano	Overture Development Group	Osceola
"Brand" How Shall We Grow? in our adverstising and community involvement, raising awareness of it's integral importance in healing our built environment.	Cookie Kelly	Overture Development Group	Osceola
To ensure that the principles of How Shall We Grow? are honored in future adjacent regional visions in Central Florida.	Pat Steed	Central Florida Regional Planning Council	Polk

**Key Actions  
Business/Organization Commitment**

<b>Key Actions - Commitments</b>	<b>Name</b>	<b>Organization</b>	<b>County</b>
Help our clients plan truly integrated, mixed use communities that encourages location of residence, schools, jobs and shopping along mass transit lines to reduce dependency on cars.			
To provide educational/degree programs in line with the industries and career opportunities within Central Florida to allow for graduates to contribute their talents locally.	Angela Artiaga	International Academy of Design and Technology	Orange
City and County libraries can provide forums for discussion with the public to solicit ideas and hear concerns; can host information on their websites, provide information, etc. Libraries are community centers and partners with their neighborhoods and can contribute greatly to growth, providing assistance at schools, promoting literacy and reading, etc. Key Actions - Libraries are there! Use us to help you!			
Be innovative and creative in providing transit solutions that people will use.	J. Marsh McLawhorn	LYNX	Orange
Continue working with the leaders and partners in this region and get the vision implemented.	Susan Sadighi	FDOT	Seminole
Carry through those growth ideals in daily coordination efforts with local agencies and environmental agencies.	Kathaleen Linger	FDOT/GMB	Orange
Help educate citizens and work with all partners to accomplish a win-win situation. Work with schools in educating our children about their future and how to take care of it.	Mary Schoelvel	FDOT	Volusia
In Casselberry, we are building a town center built around the principles of giving our residents a place to meet, shop, eat, and walk around. It will connect with the rest of our community and link to the rail station just up the road in Altamonte. Will give everyone a downtown that they can be proud of as we change our image and plan for the future. We are upgrading our trail system to connect throughout the community. This will encourage people to leave the cars at home and bring out the bicycling when making community trips.	Jon Miller	City of Casselberry - Commission/Aid to U.S. Congressman Ric Keller	Seminole
Promotes context sensitive design concepts and regional stormwater treatment facilities. Looking toward stormwater runoff as a resource and commodity.	Steve Kreidt	KCG Engineering	Orange
DOT should work to develop mobility options. DOT should focus transportation funding on critical corridors.	George Lovett	FDOT	Volusia

**Key Actions  
Business/Organization Commitment**

<b>Key Actions - Commitments</b>	<b>Name</b>	<b>Organization</b>	<b>County</b>
Help to build social infrastructure to support future growth.	Jim Yawn	Community Vision	Osceola
Continue to ensure that our concept studies are consistent with the How Shall We Grow? vision.	Mike Snyder	OOCEA	Volusia
Identifying priority conservation targets and land needed to conserve biodiversity and a healthy sustainable environment. Participating in various venues and decision making processes to bring objective, science based information to the table. Support land acquisition (simple fee or easement) for conservation. Support and demonstrate proper management of conservation lands. Partner with various public and private interests to support conservation and land management.	Keith Fisher	The Nature Conservancy	Lake
To introduce the vision to the Muslim Community and seek their active participation in the growth. To follow up the growth through elected officials.	Ishaq M. Bece	American Muslim Alliance-Prepaid Legal	Osceola
From Orlando's perspective, we are committed to smart "green" growth, new urbanism and transit-oriented development to ensure that we continue as a leader in the growth of our region as the central regional city. As such, we will continue to educate and engage our leaders on these issues.	Dean Grandin	City of Orlando	Orange
Continue to promote a compact, high intensity, multi-modal development pattern, including new urbanist communities and high rise development.	Kevin Tyjeski	City of Orlando	Orange
Develop in a responsible way keeping in mind the goals and challenges of 2050.	Jeff Welch	Rochelle Holdings	Orange
Florida Farm Bureau Federation is actively involved in the preservation and conservation of farm and ranch land that is vital to our future food production. Having product that is safe, affordable and abundant for the consumer. This can only be accomplished if farmland values are upheld so that the farmer can remain viable.	Charles Shinn	Florida Farm Bureau Federation	Indian River
We will work to develop affordable senior and work force housing in Seminole County. Working with county and federal government.	Paul Hoyer	Holy Cross Lutheran Ministries	Seminole
Multi-agency vision planning retreat. Focus I-4, Polk Parkway, Hwy. 92, Hwy. 559/557 geographic area. Participating groups - A.D.U.LKID/L.A./P.C. Chambers, city government, County Government (CFDC) EPC 100, USF and others.	Joel Thomas	Aubundale Chamber/Winter Haven Hospital	Polk

## Key Actions Business/Organization Commitment

Key Actions - Commitments	Name	Organization	County
Approach each potential development site and evaluate where best that site fits into this future vision. Push local citizens and elected officials to act responsibly/not w/NIMBISM/ toward 'proper' densities and sustainability and traffic. Think traffic circles and other solutions used elsewhere but new to Florida. Encourage 'green/sustainable buildings for our local communities (LEED). Re-evaluate our local downtown redevelopment comprehensive plans and change them, as needed, to reflect this new 'shared vision'.	Barbara Hampden	Tallman Development Company	Orange
The Department of Transportation will continue to support the regional effort by the How Shall We Grow? vision. As a planner for the Department, I will encourage a regional effort in planning transportation.	John Moore	FDOT	Orange
Ensure that we don't become a bedroom community but build internal industry. Encourage cities to revitalize core areas. Promote green space/density.	Randy Wilkinson	BOCC	Polk
Participation in any sub-group formed to deal with conservation of the Indian River Lagoon for current and future generations.	Buck Leahy	Buck Leahy Consulting and Communications LLC	Orange
Private-public partnerships - regional, local, state. Help educate. Green and sustainable growth, development and building. Help create the money to achieve the goal. Lead and participate in creating and implementing the common goals	Michael Joachim	MJA Consulting LLC	Polk
Continue to promote the How Shall We Grow vision. Support mass transit.	Mary Martin	Vice Mayor, City of Port Orange	Volusia
Promote R.R., spur connection of FEC R.R. to Orlando Utilities R.R. North of Beach Line and East of Orlando. Construction of freight village at the OUC terminus.	Malcolm McLouth	Consultant, Port and Environmental Planning, Governor Appointee to East Central Regional Planning Council	Brevard
Help fund <i>myregion.org</i> . Suggest quarterly survey of competitive regions -- what they are doing in the How Shall We Grow? and how are these regions funding their planned growth effort.	Randy Berridge	Florida High Tech Corridor Council	Seminole
Coordinate visions of the Orlando, Tampa Bay South Florida and southwest Florida to form a coherent mega-region.	Manny L. Pumariega	Tampa Bay Regional Planning Council	Hillsborough
Contribute to the economic strength of the region by this R&D to commercialization. Continue to expand our shuttle system and Alafaya corridor.	Fred Kittinger	UCF	Orange

**Key Actions  
Business/Organization Commitment**

<b>Key Actions - Commitments</b>	<b>Name</b>	<b>Organization</b>	<b>County</b>
Expand Port Canaveral to support more efficient movement of cargo and people between ports in Florida and elsewhere.	Ray Sharkey	Port Canaveral	Brevard
Help to maintain 'green space' within the Avalon Rural Settlement and to help establish park areas in our settlement for public use.	Carol Johnson	Avalon Home and Property Owners' Association	Orange
Educating civic/elected leaders regarding best practices of sustainable development principles.	Tim Center	Collins Center/Council for Sustainable Florida	Leon
Continue to increase the growth and development of philanthropy and volunteerism. We need to see the non-profit sector as our 'civic profit' sector! Imagine our region without organizations supported by philanthropy? No churches, colleges, universities, arts, and social services. Non-profits are the incubators of what we wish, hope, dream, see and do! All of the above cannot be possible without accountable and ethical governments and profitable family friendly businesses.	David A. Adahowski	Edyth Bush Charitable Foundation, Inc.	Orange
Participation by my organization in the discussion which sets the order of work.	Jeffrey Green	Nemours Children Clinic	
Recommend amendments to the county's comprehensive to reflect the shared vision. Talk to citizens and educate people on the shared vision and why it is a better alternative than the trend model.	Merle Bishop	Growth Management Department	Polk
Our organization will be proactive in addressing growth as well as economically utilize resources needed for future infrastructure.	Randy Vasburg	Polk County Sheriff's Office	Polk
We commit to integrate How Shall We Grow principles into the long range transportation plan for Central Florida. We will find a way to turn the transportation aspect of the vision into a real implementation plan for the region.	Cynthia Lambert	METROPLAN Orlando	Orange
Dissiminate information to public/private sectors. Facilitate educational forums/support myregion.org outreach. Advocate to discern the doable from plausible. Build relationships - persist -generate results at the local/county level that solve the regional puzzle.	Ray San Fratello	South Lake County Chamber of Commerce	Lake
Sharing the vision with philanthropists and charitable community investors and creating a measurable benchmark to share with grantees.	Mark Brewer	Community Foundation of Central Florida	Orange

**Key Actions  
Business/Organization Commitment**

<b>Key Actions - Commitments</b>	<b>Name</b>	<b>Organization</b>	<b>County</b>
Work with the community leaders to help the community see, understand and improve their resources as a region rather than a smaller local place.	Gary Moll	American Forests	
East Coast Zoological Society of FL, Inc.; dba Brevard Zoo Our Mission: Wildlife Conservation through education and participation. Educate our visitors to conserve. Expand our Green Team functions and responsibilities.	Nancy T. Grzeslk	Brevard Zoo	Brevard
Conserve, preserve and educate - walk the walk, talk the talk (internally and externally). Share our expertise and wisdom gained through our experience in transportation and environmental fields. Help facilitate partnerships in organizations/associations we serve and are members/support so that all stay on task to achieve the vision.	Joanie Schirm	Geotechnical and Environmental Consultants, Inc.	Orange
Seeking opportunities for funding resources for the un & underinsured increasing population.	Mandy Taylor	Florida Hospital	Orange
Continue with community outreach/education which supports the necessary policy changes in order to make the 4 C's a reality. We have begun to systematically change our LDR's for our downtown urban core.	Nancy L. Clutts	City of Tavares	Lake
Helping facilitate the change that will be required to facilitate the urban corridors that define the 'vision' of growth. Commitment to public transportation, growth in urban centers, etc.	Robert F. Stuart, Jr.	Gray Robinson	Orange
Economic Development- Real estate development and job growth. Arts & Culture - Recent funding for performing arts center. High Tech Real Estate - High tech arts center. Small pockets of technology throughout CNL Park	Courtney Powell	CNL Financial Development	Seminole
To continue to be global pacesetter in providing excellent healthcare services to all Central Florida residents regardless of their ability to pay. To be a passionate advocate against low density urban sprawl.	Ben Hill	Florida Hospital	Seminole
Commit to supporting/designing of health care infrastructure	R. Shah	Jewett Orthopedics	Orange
Preventing crime in Metro Area of Orlando. Land conservation. Education of problem children	Trish Stephenson	Stephenson & Associates	Seminole
Initiatives to help with affordable housing and smart growth.	Cyn Zellner	Osceola County Association of Realtors	Osceola

## Key Actions Business/Organization Commitment

Key Actions - Commitments	Name	Organization	County
We will cover issues relating to growth with vigor, accuracy and thoroughness.	Charlotte Hall	Orlando Sentinel	Orange
Continue to support the growth of 'High Tech' employment in the greater Orlando area. Support the education of local agencies to the benefit of High Tech Manufacturing in Central Florida.	Jim Williams	Mitsubishi Power Systems	Orange
Interact into the process of sharing the message, focus on keeping in contact with elected officials. Bring the message to 'outside' ownership, use the information to build internal long-range plans within the regional plan.	Brian Peters	Florida Mall	Orange
Continue to develop our airport, within our existing footprint, to ensure we are providing the maximum amount of benefit to customers and community. Personally: Don't be a NIMBY.	Terry Lloyd	Kissimmee Gateway Airport	Osceola
Keep people aware of different modes of transportation in which travel can be efficiently justified. There are other multi-modal centers in our region besides OIA.	Richard Allabaugh	Kissimmee Gateway Airport	Lake
Continue to provide and promote creative solutions to advance sustainable and lasting community in context of our neighborhoods, cities, county, regions and state economic, environmental and social needs.	Geoffrey McNeill	MSCW	Orange
Focus development along key transportation corridors.		LYNX	
Partner with local government to incent employees to live/work in 'centers' that support positive controlled growth.	Cara Kennedy	Loews Hotels	Orange
Personal conservation of resources. Business - explore transportation options for employees. Promote commuter programs.	Rosalee Fortune	Loews Hotels	Orange
The Nature Conservancy commits to working collaboratively with <i>myregion.org</i> and Central Florida leaders to identify and map those key ecological systems that will compose a conservation footprint for the region.	Keith Schue	The Nature Conservancy	
History Center mission statement includes 'shaping the future' which we could incorporate this vision into education and programs.	Sherry Lewis	O.C. Regional History Center	Orange
Align branch office growth/future locations consistent with regional vision of centers and corridors.	Craig Rocejes	Florida Bank of Commerce	Orange
We are willing to help the public and private sector to understand the art of teamwork! Plan. Educate. Do. (PED)	George Folks	American Speakers Bureau	Lee

**Key Actions  
Business/Organization Commitment**

<b>Key Actions - Commitments</b>	<b>Name</b>	<b>Organization</b>	<b>County</b>
Work to engage professional associations, employees and public officials to support vision through action and policies. Promote good citizenship.	Paul James	Howard Jolly Architects	Orange
At UCF's Metro Center, we will continue to present studies and forums that will support the vision.	Linda Chapin	UCF	Orange
Support future politicians who support the visions of preserving open space and a variety of transportation choices such as light rail and other goals.	Amy C. Tidd	Brevard Democratic Executive Committee	Brevard
Preservation of the health of the Indian River Lagoon. Purchase of corridors to maintain habitat connectivity. Advocate implementation of Smart Growth Principles.	Doug Sphar		Brevard
To preserve natural areas and environmentally sensitive lands and wildlife.	Maureen Rupe	Partnership for a Sustainable Future	Brevard
Coordinate siting of schools to enhance urban development corridors. Promote green space - through schools/education avenues. Educate on trade-offs required.	Candace Lankford	Volusia County School Board	Volusia
Provide Commissioner Training.	Jonathan Adams	MJA Consulting LLC	Polk
Education of younger generation on transportation alternatives - like LRT, HOT lanes, etc.	Lorin Krueger	FDOT	Leon
I will continue to communicate on behalf of myself and business associates, the principles of this initiative and outcomes with support to uphold its tenants; As president of Mead Garden Friends, I will work on green space preservation and environmental education of students and area residents.	Dori Madison	Tucker Hall	Orange
Multi-modal education - help clarify the concept of multi-modal transportation.	Michael Woods	Lake Sumter MPO	Volusia
Education through programs to members and the general public i.e. saving power/water resources and programs on responsible growth.	Mary Hodge	Maitland Area Chamber of Commerce	Seminole
Continue to educate through television documentaries the qualities and resources and the need to grow/protect/conservate what this region has as we grow.	Keri Lowe	Eagle Productions	Orange
Create and educate about sustainable development and green development.	Ivette Sanchez	Orlando Utilities Commission	Orange

## Key Actions Business/Organization Commitment

Key Actions - Commitments	Name	Organization	County
Educating young people on livable, walkable communities. They will be living in not only at college age, but younger. Changing thoughts and perspectives from the old sprawl to a new density/conservation centers with transportation corridors. Educating youth on the importance of preserving conservation areas for their future. All kinds of marketters are doing this now - Banks, computers systems, retail - Ideals can be passed on the same way.		Seminole County Government	
Encourage cilents to develop green/decrease their carbon footprint. Educate clients/public on benefits of transit-oriented development in conjunction with affordable housing and other development uses.	Norah Thompson	MSCW, Inc.	Orange
Integrate this plan/vision with that of Tampa Bay Plan. Talk/engage on "larger than life" issues: transportation, transit, water, create mega corridors (power/water/transportation) and set aside now. Integrate/engage plan with county commission.	Ronnie Duncan	Pinellas County Commission	Pinellas County
One Bay - collaborate with myregion.org (Tampa Bay and Central Florida) Transportation. Legislative Delegation - state and congressional collaboration.	Elisa DeGregow	Tampa Bay Partnership	Hillsborough
Advocate code changes that encourage cluster development to conserve open space. Encourage mixed use development so residents can live, work, and obtain services nearby.	Robin Sobrino	Brevard County Planning & Zoning	Brevard
First, have a company wide meeting to update them on this vision/plan to see what creative thinking we can stimulate. Then determine how we can participate in helping organizations know their growth story - how can we help them work through their individual plans.	Shirley Decker	i.d.e.a.s. (Integrity Arts & Technology)	Lake
CCCF is committed to providing low income elderly housing solutions - looking for development near new town centers and new public transportation hub and spoke facilities and lines. Working our footprint through 2020. We'll also be doing a lot of other things for working with the poor and homeless.	Arne Nelson	Catholic Charities	Seminole
To increase our sensitivity to the community's desires in terms of quality of life as we all work together to develop a regional transportation plan.
